

Driving Skiers in 2016

Thank you for all your words of support and thanks especially to those who have obtained or will be obtaining your ski driver qualifications to comply with new PHC regulations for 2016.

We hope that this will draw attention to the continued need for safe driving within the ski area which seems to be becoming more popular each year with boats and ribs of increasing size.

Please remember to refer to the map and rules and regulations set out in the updated booklet given with your ski numbers.

Ski numbers this year will be issued from the bar.

For those with the appropriate qualifications and who filled in and signed the yellow form correctly this will be straight forward.

However, if there is something that has to be filled in, signed or checked please bear with those issuing the numbers.

THANK YOU!
