

# Fly Navy Cup ~ a team event!

## What's involved?

A team consists of a driver and 3 skiers.

**The first skier** must ski on a **mono** (deep water or beach start)

**The second skier** goes on a **pair** or a **wakeboard**.

**The third skier** goes around the course on **trick skis (pair or mono)** or a **wakeboard with the fins taken off** (to make it fair the board must be flat bottomed -most modern boards have rails to stabilise)

Try them out!

They are on the top shelf in the crew room!

The course is set out so that each skier completes a circuit comprising of two slalom buoys to go round either side of the main stretch. There are also 2 finish buoys to pass between also on the main and home stretch. (See the course map.)

When the mono skier has gone through the finish buoys the boat picks him/her up, returns to the approach side of the finish buoys and the next skier drops in ready for their circuit. This is repeated for the last circuit. The total time taken to complete the 3 circuits is noted. The team with the fastest combined time wins the Cup. There are prizes for 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> places and also individual fastest times for each discipline!

Who can join in? Any Club member. However one guest non member per team is allowed. Competent Juniors may join a team if an adult taking responsibility is in the boat.
